The exception to this is if you returned to the Teachers' Pension Scheme on or before the 31/12/2007 and did not have a subsequent disqualifying break. You **will not** automatically receive a lump sum in respect of your pensionable service as a NPA 65 member but have the option to take a lump sum. **Do you wish to do this?**

3. **Annual Allowance**

If you believe that you may have incurred an Annual Allowance tax charge in excess of £2,000 in the current Pension Input Period (PIP), then any Scheme Pays election you may wish to make must be received and paid by TP before your pension can be put in to payment.

How to Complete the Application Form

Notes for the applicant

Part A General

This form should be used to claim your pension before your Normal Pension Age if you are applying for actuarially adjusted benefits. You should not use this form if you are applying for Phased, Premature, Ill-health retirement or Additional Service after Retirement. Separate forms are available if you need to make an application for Phased, Premature, Ill-health or Additional Service after Retirement benefits.

You should NOT use this form if:

- You are applying to take benefits only from arrangements where you have reached Normal Pension Age
- You want to postpone taking benefits from any arrangement where you have not yet reached Normal Pension Age.

You can find information about your Normal Pension Age at www.teacherspensions.co.uk/npa.

This application is in two parts. You must complete Part A and send Parts A and B to your Employer. Your Employer must complete Part B and return both parts of the completed application form together to Teachers' Pensions.

Where you have more than one Employer you should complete a form for each Employer (you may photocopy the first completed Part A for additional Employers). Each of your Employers must complete the Part B and return both parts of the completed application form together to Teachers' Pensions.

If you die within 5 years of your pension coming into payment a Supplementary Death Grant will be paid, constituting 5 years' worth of pension minus pension paid to date. This Guaranteed benefit is subject to a check against your Lifetime Allowance (LTA) and may mean your beneficiaries are left with an LTA charge to pay. If you are close to or have exceeded the LTA you may wish to consider asking for a Pension Protection Lump Sum Death Benefit (PPLSDB) rather than a Supplementary Death Grant, as the PPLSDB is not a benefits crystallisation event and is not assessed against your LTA. You must make a request in writing for PPLSDB to be applied to the Guaranteed payments upon your death.

Complete the form using black ink and BLOCK CAPITALS, please clearly place a tick for answers that use tick boxes.

Part A section 1: Personal details

Actuarial Adjustment in the Career Average arrangement: if you take your benefits early and your Career Average NPA is greater than 65, the actuarial reduction for each year or part year between age 65 and your Career Average NPA (up to a maximum of 3 years) is set at 3% per annum. Please note that this standard rate of actuarial reduction only applies if you are deemed to have been an 'active' member immediately prior to your early retirement. If you are not deemed to have been 'active' then the adjustment to your pension benefits will be based on the prevailing actuarial factor for your age at retirement and your Career Average NPA.
