Notes for the applicant

Part A General

Further help: If you need assistance in completing this form or collating the information required we recommend you seek assistance from a third party. A representative may complete the form but it can only be signed by the member unless the representative has Court of Protection or Power of Attorney.

To satisfy the criteria for early retirement on grounds of ill-health, you must provide medical evidence that demonstrates that you are permanently incapable, because of a recognised medical condition, to undertake any teaching, including part-time teaching, until your normal pension age. This evidence will be considered by the DfE Medical Advisers who will make a recommendation to Teachers' Pensions acting on behalf of the Secretary of State.

This application should be submitted with the 'Ill-health Retirement Medical Information Form'. Copies of any reports from specialists, and confirmatory test results that are available to the doctor completing the medical information form should be enclosed with this application and the medical information form.

The Medical Advisers to the Teachers' Pension Scheme rely exclusively on what you submit and may not seek further medical evidence. Generally, cases where there is insufficient evidence will be rejected. You should ensure that the doctor completing the form includes all of the relevant information when completing the form.

Teachers' Pensions are not responsible for the payment of any medical fees. You or your employer will be responsible for any fees for completing the medical information form or providing reports.

If you die within 5 years of your pension coming into payment a Supplementary Death Grant will be paid, constituting 5 years' worth of pension minus pension paid to date. This Guaranteed benefit is subject to a check against your Lifetime Allowance (LTA) and may mean your beneficiaries are left with an LTA charge to pay. If you are close to or have exceeded the LTA you may wish to consider asking for a Pension Protection Lump Sum Death Benefit (PPLSDB) rather than a Supplementary Death Grant, as the PPLSDB is not a benefits crystallisation event and is not assessed against your LTA. You must make a request in writing for PPLSDB to be applied to the Guaranteed payments upon your death.

The role categories for Section 2, question 3 are set by the Department for Education.

Applications where the employer needs to complete Parts B and C.

If you're in pensionable service, or left it less than 2 years ago or are still 'on the employer's books', please complete Part A of the application form and send the complete form to your current or previous employer. Ask them to complete Parts B & C and either ask the employer to send all documents to Teachers' Pensions on your behalf or return the form to you. Whether you or your employer submit the documentation, you MUST ensure that the medical information form is included together with relevant medical reports in support of your application. This may depend on whether the employer's occupational health specialist completes the medical information form and whether you wish to see the information in the medical information form before it is submitted to Teachers' Pensions.

Applications where the employer is not required to complete Parts B and C.

If you are not currently in eligible employment, which includes opted out service, or you left pensionable service more than 2 years ago, or are no longer in a contractual relationship with your employer, Part A only of the application should be completed and sent to Teachers' Pensions with the Ill-health Medical Information Form and the relevant medical reports.

Part A: section 1: Information about the member should be completed by the applicant or their representative.

Teachers' Reference Number: This is a seven digit number and is your unique teacher reference (you may also know it as your DfE number).

Date of Birth: If verification of date of birth is required following a successful application, we shall notify you in the letters of acceptance.

(continued overleaf)

How to Complete the Application Form (continued).

Question 12: You are considered to be in **pensionable service** when you are receiving at least half pay or are in receipt of statutory maternity, paternity, adoption or parental pay. You are considered to be in **eligible employment** if you are in an employee / employer relationship, even if you are unpaid, but still under a contract of employment. If you're a supply teacher you may not be under a contract of employment for days not worked. Being on a supply list doesn't always mean you're under a contract. Please check with your employer. A fuller definition of '**pensionable service**' (which is also part of a person's '**eligible employment**') is where a member:

- (a) Receives a salary in full in respect of that employment; or
- (b) is in a period of adoption leave, maternity leave, parental leave, shared parental leave or paternity leave ('Family leave') and receives;
 - (i) at least half of their salary in respect of that employment; or
 - (ii) statutory pay; or
- (c) is on sick leave and is receiving at least half of their salary in respect of that employment.

Question 14: Please be aware that once a serious ill-health lump sum is paid, it cannot be returned to the Teachers' Pension Scheme. The service cannot be reinstated. If you are already in receipt of phased retirement benefits, they will continue in payment, but all remaining benefits will be converted into a serious ill-health lump sum. Details about serious ill-health lump sums can be found in the "Ill-Health Retirement Guidance" factsheet on the Teachers' Pensions website.

Questions 15 - 17: 'Stepping down' relates to a member of the Career Average 2015 scheme who moves to a lower full-time equivalent salary on account of illness. This includes transition members with previous benefits in the 2010 Final Salary Scheme who have moved into the 2015 Scheme, although any step down in full-time equivalent salary which took place whilst in the 2010 Scheme will not apply. Where a 2015 member subsequently applies for retirement benefits on account of ill-health and receives an enhancement (total incapacity pension) in addition to their accrued benefits, a notional salary is used based on their pensionable earnings prior to the stepping down election, which is then revalued in line with inflation. To meet the stepping down condition, the illness at the date of the stepping down must be wholly or partly related to the illness at the date of the ill-health retirement application. Please note, ill-health stepping down does not include reductions in salary on account of a reduction to, say, half or nil pay during long term absence. In these cases, the full-time equivalent salary rate should be unaffected in any case. If you meet these conditions and have not already done so, please complete a 'Stepping Down in salary rate election' available from the Teachers' Pensions website. The medical professional will need to complete Part B and the relevant employer will need to complete Part C of the election.

This provision does not apply to 'protected' members who remain in the 2010 Final Salary Scheme who take a lower paid post. Members continuing in the Final Salary Scheme will have an element of protection from a step down in salary via the 'alternative' average salary definition. This is best 3 consecutive years' revalued average salaries in the last 10 years prior to leaving pensionable service.

Part A: section 2: Please complete this section if applicable. To be completed by the applicant or their representative.

Part A: section 3: Provide information about any employment outside of teaching, to be completed by the applicant in all cases.

Part A: section 4: Provide information about any suspension from teaching, be completed by the applicant in all cases.

Part A: section 5&6: The applicant should read the Declaration carefully, before the Declaration is signed and dated. A representative can sign this declaration if they have Court of Protection or Power of Attorney.

Part B: Section 1: Information about member should be completed by the employer in all cases.

Part B: Section 2: Please complete this section in all cases.

Part B: Section 3 Question 8 and 9: We are required to ask these questions to determine if a member is in active service. Also for supply teachers, these members must be under a contract of employment with the employer. Being on a supply list alone does not constitute a contractual relationship for the purposes of an ongoing employee / employer relationship. If you've any queries about the member's contractual position, please contact your legal advisors.

Questions 11 to 13: These questions relate to stepping down on account of ill-health. Please see notes relating to 'Stepping down' in Part A, questions 16 and 17 in respect of Career Average 2015 scheme members.

Question 11: This question is applicable to individuals who are in the Final Salary 2010 scheme or the Career Average 2015 scheme when they apply for ill-health benefits. This will assist in assessing the impact of the medical condition on the individual's employment.

Questions 13 and 14: These questions relate only to members of the Career Average 2015 scheme who have taken a step down in the rate of salary on account of ill-health whilst they have been in the Career Average scheme.

How to Complete the Application Form (continued).

Question 16: This question asks whether ill-health was one of the factors in the member leaving pensionable employment. Hence, even if a member received a redundancy payment, if the cessation of employment was linked to the person's health, please tick 'yes'.

Question 17: If a termination payment relates to a period of service, then the payment will be pensionable under the scheme. This includes payments for 'Termination of employment during a period of sick leave'. [See 6.1 of the 'Conditions for School Teachers in England and Wales'.] Details of the service should be entered in 18. If a lump sum payment is made and the member's contract is terminated immediately or after the member has left employment and is unrelated to a period of service, this will be 'pay in lieu of notice' (PILON) and will NOT be pensionable under the scheme.

Question 18: Please enter service and salary information known to date.

Question 19: This question is particularly important for members who have passed their 'transition date' relating to the 2015 Career Average scheme when the application is received. If there is a pensionable period of service after the transition date (e.g. following a termination of employment during a period of sick leave) and the application is received after the transition date, the application will be considered under the criteria for the 2015 Career Average scheme. Please enter an expected date that pensionable teaching service will cease.

Part C: The employer is required to sign the certificate in part C and complete all the boxes where applicable.

On completion, the employer should return the form either to member or to Teachers' Pensions with the medical information form and relevant medical reports as directed by the member.
