

Application for Age and Actuarially Reduced Retirement Benefits : Pension Credit Member

Please read the accompanying notes before completing this form. Please complete this form using black ink and in BLOCK CAPITALS.

To be completed by the applicant in all cases.

Notes: The age at which pension credit members can take their pension benefits, the normal pension age (NPA), will either be 60, 65 or equal to their state pension age (SPA), dependent upon which section and scheme arrangement the benefits are from. Where benefits are held in both arrangements there may be separate NPAs for the separate benefits, for example NPA 60 and their SPA.

If the benefits are from the NPA 60 section of the Final Salary arrangement the NPA will be 60. If the benefits are from the NPA60 and NPA65, or just the NPA65 section of the Final Salary arrangement the NPA will be 65. If the benefits are from the Career Average arrangement the NPA will be the higher of 65 or your SPA.

If your former spouse or partner was in eligible employment on or after 30 March 2000 you can take your pension credit benefits from age 55. But if you take your benefits earlier than the NPA they will be actuarially adjusted, as the pension will be in payment for longer. The pension will be payable from a date selected by you, which cannot be earlier than 6 weeks after the date you sign the declaration.

The benefits you'll receive will either be a pension only, or a pension plus a lump sum. You were given the details at the time the pension sharing took place. As pension credit benefits are index-linked, from the Pension Sharing date to the payable date, they maintain their value. Your pension will continue to be index-linked annually thereafter and is payable for life. Income tax is deducted from your pension in accordance with the Pay As You Earn (PAYE) tax tables.

Please note that payments made to a non UK account will only be paid in the bank's local currency. If you choose to have your pension paid into an overseas bank account, a monthly administration fee of £1 will be applied.

Notes

- 1. A supplementary death grant (SDG) may be payable if you die after receiving retirement benefits. The SDG will be paid if the amount of pension already paid is less than 5 times the annual rate of pension in payment at the time of death. In such a case, the SDG would be paid to make up the difference. If you die before you've taken benefits, a lump sum death grant is payable based on the lump sum calculated at the time of Pension Sharing plus Pensions Increase up to the date of death. No dependants' pensions are payable under the Pension Sharing arrangements.
- 2. As long as your previous spouse/civil partner hadn't retired *before* the pension sharing order took effect (and was in pensionable employment after 31 December 2006) you can convert part of your pension to receive a lump sum of up to 25% of your fund value. Here's the formula for calculating the maximum amount of lump sum that can be paid:

(Pension x 20) + (Lump Sum x 20/12) 4.6667

The figure you end up with represents 25% of the fund value and is the maximum lump sum you can take.

To work out any additional lump sum you may have, deduct your actual lump sum from this figure. Remember, for every £1 of pension converted there'll be £12 of lump sum paid. You can do the calculations more easily on our website

www.teacherspensions.co.uk

Please be aware that using 30% or more of your lump sum to increase your pension benefits could result in charges from His Majesty's Revenue & Customs (HMRC). They could subject the whole of your lump sum to an unauthorised payment taxcharge of 40% – plus a further 15% surcharge if the value of unauthorised payments exceeds 25% of your rights in the scheme. However, this recycling rule will not affect you if your lump sum does not exceed 1% of the Lifetime Allowance.

More information on the recycling rule is available on the website **www.hmrc.gov.uk**

3. Lifetime Allowance. The Finance Act 2004 introduced a single tax regime that applies to all UK tax privileged pensions from 6 April 2006. This introduced a 'Lifetime Allowance', which is the total allowable value of benefits (pension and lump sum) from all registered pension schemes. However, it excludes pensions payable from the state and those where the pension is a dependant's pension. For the most up to date information on the Lifetime Allowance please visit our website www.teacherspensions.co.uk. To assess whether you're affected use the following formula:

(Annual Pension x 20) + Lump Sum Lifetime allowance x 100 = LTA%

If the percentage exceeds 100% you will be liable for the LTA charge unless you have a transitional protection certificate.

If your benefits from all registered pension schemes currently in payment (and your pension payable under the Teachers' Pension Scheme (TPS) which is coming into payment) are less than £35,000 a year, please tick the 'No' box.

If your benefits in payment and about to on the same date as your pension payable under the TPS exceed £35,000 a year, please tick the 'Yes' box. A further form will then be forwarded to you to complete.

If a LTA charge is due, we'll pay it and reduce your benefits accordingly.

4. If you die within 5 years of your pension coming into payment a Supplementary Death Grant will be paid, constituting 5 years' worth of pension minus pension paid to date. This Guaranteed benefit is subject to a check against your Lifetime Allowance (LTA) and may mean your beneficiaries are left with an LTA charge to pay. If you are close to or have exceeded the LTA you may wish to consider asking for a Pension Protection Lump Sum Death Benefit (PPLSDB) rather than a Supplementary Death Grant, as the PPLSDB is not a benefits crystallisation event and is not assessed against your LTA. You must make a request in writing for PPLSDB to be applied to the Guaranteed payments upon your death.

The Teachers' Pension Scheme is a statutory scheme. It is administered in accordance with statutory regulations which are available on the legislation.gov.uk website. The latest set of regulations, SI 2014 No. 512, established the Teachers' Pension Scheme 2015.
