Part A: To be completed by the applicant in all cases (continued).

Section 3: Phased Retirement Options

You should read the guidance notes for Part A Section 3 before completing these questions.

This is my first phased retirement election [tick box] or I have made a previous phased retirement election [tick box]

Please note that you can only take up to 75% of benefits accrued to date. Please refer to the retirement planning section of the Teachers' Pensions website for further assistance.

1. Proportion of benefits to be taken

For my final salary benefits with a normal pension age of 60: *You cannot take more than 75% of these benefits. You are able to make up to 2 phased retirement elections.*

I choose to take % of my benefits.

For my final salary benefits with a normal pension age of 65: *You cannot take more than 75% of these benefits. You are able to make up to 2 phased retirement elections.*

I choose to take % of my benefits.

For my career average benefits: *You cannot take more than 75% of these benefits. You are able to take up to 3 phased retirement elections. Only two elections may be made before your 60th birthday. The third election must be made after age 60 and before age 75.*

I choose to take % of my benefits.

2. Additional Pension Elections: Only answer this question if you have bought or are paying for additional pension benefits in the Teachers' Pension Scheme. Please tick your chosen option.

I wish to claim my additional pension benefits now.

I wish to continue paying contributions towards my additional pension.

I wish to stop paying contributions towards my additional pension, but I do not want to claim my additional pension benefits now.

3. Pension Debits

A pension debit will be made from a phased retirement election, if you have previously requested the scheme to settle a charge(s) on your behalf in respect of a Pension on Divorce case, or a tax charge utilizing the Scheme Pays mechanism for Annual Allowance cases. The debit will be applied proportionately to each instalment of your pension.

Notes: How further phased retirements are calculated.

With final salary, the percentage of benefits you wish to take is applied to the accrued reckonable service as at the relevant date. For the second phased retirement the percentage is applied to the total accrued reckonable service as at the new relevant date. That is the total service in its entirety, both that accrued before the first phased retirement and that accrued during the first phased retirement. We then deduct from this the amount of service used in the first phased retirement to arrive at the total amount of service to be used in the second phased retirement. We do not simply apply the percentage against the remaining, unused accrued service.

For example, a member with 40 years of reckonable service takes 75% of their benefits at their first phased retirement. The first phased retirement benefits will be calculated using 30 years of reckonable service. 2 years later the member decides to take a further 75% in a second phased retirement. The calculation for this is 75% of 42 years, from which we deduct the original 30 years, which equals 31.5 years minus 30 years. Hence the benefits for the second phased retirement will be calculated using 1.5 years of reckonable service. This is because members can only ever take 75% of their total benefits during phased retirement, or conversely must leave at least 25% of their benefits unused before taking their final age, early or ill-health retirement.

With career average, the percentage of accrued earned benefits taken in the first phased retirement is deducted, and future phased retirements are applied against the reduced, although still growing, accrued earned pension as and when the further phased retirement is taken.

Section 5: Other Details

1. Have you been employed by more than one employer relevant to Teachers' Pensions in the past 12 months?

Yes No

If yes, please ensure that you complete an application form for each employer so that each employer completes a Part B of the form. It is acceptable to photocopy the completed Part A for the additional forms.

Please provide names and addresses of each employer in the box below (continue on a separate sheet if necessary).

2. Lifetime Allowance - For more information regarding Lifetime Allowance assessment please refer to to www.hmrc.gov.uk

You need to let us know if all your annual pensions currently in payment or coming into payment may cause you to exceed the Lifetime Allowance. Please check the updates section of the Teachers' Pensions website for the latest guidance on the total annual pension that may affect the Lifetime Allowance. If your pension(s) will total £35,000 or more we strongly recommend you check the latest guidance.

Once you have checked please tick the No box if you're not affected or the Yes box if your total annual pension, from any source, is in excess of the latest figure. If you are affected you must also complete the Lifetime Allowance Charge Assessment form, available on the forms section of the Teachers' Pensions website. Failure to do so may result in delays in processing your pension award.

Yes No

3. Annual Allowance

If you believe that you may have incurred an Annual Allowance tax charge in excess of £2,000 in the current Pension Input Period (PIP), then any Scheme Pays election you may wish to make must be received and paid by TP before your pension is put in to payment.

4. If you are currently purchasing Past Added Years and your election is incomplete, please confirm if you intend to:

Accept the PAY service paid for up to date of retirement?
OR

Pay the outstanding contributions by means of a cheque payment prior to receiving payment of your benefits from the Teachers' Pension Scheme?

If you choose to pay the outstanding contributions we will contact you to confirm the cost.

How to Complete the Application Form

Notes for the applicant

Part A General

You should use this retirement application form when you wish to take part of your retirement benefits and continue working.

This application is in two parts. You must complete Part A and send Parts A and B to your employer. Your employer must complete Part B and return both parts of the completed application form together to Teachers' Pensions.

Where you have more than one employer you should complete a form for each employer (you may photocopy the first completed Part A for additional employers). Each of your employers must complete the Part B and return both parts of the completed application form together to Teachers' Pensions.

If you die within 5 years of your pension coming into payment a Supplementary Death Grant will be paid, constituting 5 years' worth of pension minus pension paid to date. This Guaranteed benefit is subject to a check against your Lifetime Allowance (LTA) and may mean your beneficiaries are left with an LTA charge to pay. If you are close to or have exceeded the LTA you may wish to consider asking for a Pension Protection Lump Sum Death Benefit (PPLSDB) rather than a Supplementary Death Grant, as the PPLSDB is not a benefits crystallisation event and is not assessed against your LTA. You must make a request in writing for PPLSDB to be applied to the Guaranteed payments upon your death.

Complete the form using black ink and BLOCK CAPITALS, please clearly place a tick for answers that use tick boxes.
