Notes - A repayment of contributions is available to you if you have less than 2 years total pensionable teaching employment or less than 5 years total pensionable employment if all service in the Scheme was before 6th April 1988. A repayment of contributions is not permitted if you are in receipt of retirement benefits from the Teachers' Pension Scheme. If you do not have at least 12 months in post-benefit pensionable service you must apply for a short-service annuity - an application form is available under the retirement forms section of the the Teachers' Pensions website.

If you are in multiple employment Teachers' Pensions will need a form completed and signed by each employer to be able to process the repayment claim.

If the last two tax years of the teacher's pensionable employment include the tax year ending on 5 April 2016, please provide the amount of National Insurance contracted out earnings for that year. If a married woman option exists, enter 'E' instead of an amount. **Failure to provide this information may jeopardise the payment of any benefits claimed by the teacher against the state second pension.**

Note:

Please supply service and salary details in the table overleaf for the previous scheme year and the current scheme year

For members in concurrent service please record the concurrent service below and provide a breakdown of the actual service on a separate sheet. When a part-time salary is paid please record the actual salary paid; use a separate line if the full-time annual rate changes. Please include the entry for the special class for part-time teachers - 7 for regular and 8 for irregular. **For irregular part-time teachers please record each month, or part month, on a separate line** - this will allow Teachers' Pensions to derive the contribution percentage that applied in the particular month. We have included a column where you can indicate the contribution percentage if you wish to.
