Please complete this form using black ink and in BLOCK CAPITALS.

Part B: Instructions

Notes:

- You MUST complete all entries in Part C and provide the Benefit Crystallisation Event statement that you received to evidence the event. This needs to include all Benefit Crystallisation Events, or deemed Benefit Crystallisation Events, that occurred before 6 April 2024.
Benefit Crystallisation Events usually occurred when you were paid a benefit, whether that was a pension, a lump sum or both. You should note that these events may have occurred even though you were not paid a benefit, for example, if you have reached age 75 or have transferred benefits overseas. It may also have occurred if a benefit in payment increased by more than the limit set out in legislation.
If you took a lump sum after a Benefit Crystallisation Event that happened at age 75, the details of the lump sum subsequently taken needs to be provided.
- If you have taken benefits from the Teachers' Pension Scheme previously, these need to be included within Part C.
- If you have benefits paid from multiple schemes using the same administrator, the benefits from each individual Scheme need to be included within Part C.
- If you do not have all the information to complete the form, you should request it from the pension scheme which paid you the benefits or which notified you of the Lifetime Allowance used. You may use this as supporting evidence if you do not have the Benefit Crystallisation Event statement.
- If you are affected by the Transitional Protection remedy and have an outstanding decision to make, then it may not be possible to issue a certificate at the present time.
- You may wish to consider seeking professional advice before completing this form because not all members will benefit from a Transitional Tax-Free Amount Certificate.
- Please ensure you sign and date the declaration in Part E.

Part C: Benefit Crystallisation Events or deemed Benefit Crystallisation Events that occurred before 6 April 2024

Please complete the table below and return it along with the Benefit Crystallisation Event statement that was issued to evidence the event. All Benefit Crystallisation Events or deemed Benefit Crystallisation Events must be included below, even those where a lump sum was not paid. If you do not have this information, you will need to request it from the administrator or provider of the pension scheme which paid you the benefits or which notified you of the Lifetime Allowance used up. In the column, where it asks for the 'Amount of tax-free lump sum', this should be:

- Pension Commencement Lump Sums (PCLS) – all of this would have been paid tax-free.
- Uncrystallised Funds Pension Lump Sums (UFPLS) – 25% of the payment would have been paid tax-free if the payment was made before age 75.
- Serious Ill-health Lump Sums (SIHLS) – 100% of the payment would have been paid tax-free if the Lifetime Allowance was not exceeded.
- Stand-alone Lump Sums (SALS) – 100% of the payment would have been paid tax-free if the Lifetime Allowance or 5 April 2023 maximum was not exceeded.
- Tax Free Cash (TFC) – lump sums paid before 6 April 2006. All of this would have been paid tax-free. The percentage of Lifetime Allowance used up will be the percentage calculated at your first Benefit Crystallisation Event by reference to the annual value of any pre-commencement pensions at that date.
