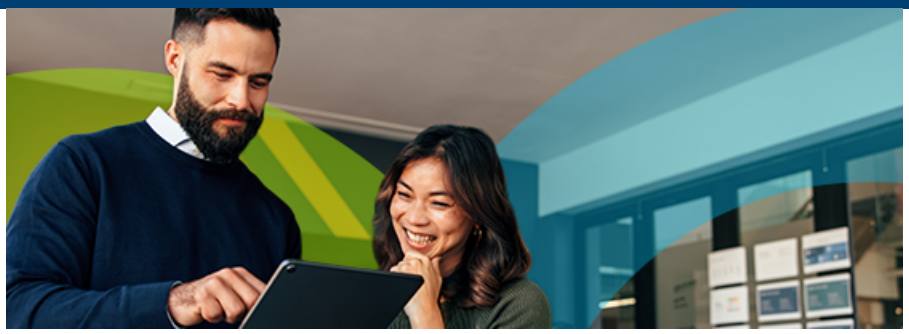
Teachers' Pensions Employer Bulletin



Transition to TCS

The transition of administration from Capita to Tata Consultancy Services (TCS) is planned for summer this year. TCS will be introducing a new Employer Portal designed to make pension administration as quick and as easy as possible.

To enable these changes, TCS will be asking all employers and payroll providers to register on the new portal before the service transition date. This is to ensure that all users of the portal have a unique user profile and that all their information is present and correct to help with a smooth transition.

This will in no way affect your current Employer Portal log in and password, they'll remain the same.
