

Your teacher's pension revaluation

Each April there is a revaluation of the benefits members have built up in the career average scheme.

This is to keep them in line with the Consumer Price Index (CPI). For the 2025/26 year the revaluation to be applied is 3.8% for deferred members. The CPI also impacts other pension factors, such as Annual Allowance, flexibility rates, and more.

View our updates page for the latest information.

Time to check in?

Retirement planning is much more than just checking in on your estimate once a year.

It's important you make sure all your details are up to date. This includes personal information, but also your employment details. Any missing service or incorrect salary details can impact the estimate you see and slow down the process once you come to apply for retirement.

That's why we recommend you log into MPO regularly and address any incorrect information with your current or past employer.

If you need help remembering how to log in, [please read our guides](#) or [watch our videos](#) on YouTube.

[Log in to MPO today](#)

MPO and MFA

We'll soon be removing the option to receive MFA codes by email. We've seen an increase in fraud attempts using email-based verification, particularly involving providers such as BT Internet, so we're strengthening security for all members.

If you currently use email for authentication, please switch to a more secure method as soon as possible.

If you need help logging into My

Pension Online (MPO) please read our [short guide](#).

Retiring in 2026?

If you're planning to retire in 2026, it's important to submit your retirement application six months in advance of your proposed retirement date. This allows enough time to make sure everything is in order and to process your application.

As you're affected by Transitional Protection you'll need to decide about your benefits in the remedy period, this means more time is needed for your application.

Starting your application as soon as possible allows plenty of time to ensure the start to retirement runs smoothly.

Thinking about a return to the classroom?

If you're a qualified teacher considering a move back into a state-funded school in England, there's more support - and more flexibility - than ever before.

The Return to Teaching Advisory Service offers guidance and one to one support to help you on your journey.

Please note this service is only Available in England.

Press play on your pension

Watch our short videos to help you understand your pension and how it works throughout your career.

Our YouTube channel will help you understand what happens whilst you're not contributing to the Scheme.

We've also a range of videos to help you understand Transitional Protection, including viewing your Benefit Statement RSS and more information about the choices you'll need to make at retirement.

Change to bank account details

From 2 January 2026, the bank account used for payments has changed. If you have any standing orders to us, please update them so future payments go to the new account:

Account name: TPReceipts
Sort code: 60-70-80
Account number: 10030921

All payments must be made to the new account.

Be scam aware

We've been made aware of a phishing email being sent to members with our branding on. The emails contain a link to update your details or suggests that contributions haven't been paid.

If you receive such an email, please delete it and do not click the link as it is a scam.

Please be aware that we would not ask you to update your details via an email link, but to use My Pension Online.
