

Regulation changes from 1 April 2025

Effective from 1 April 2025, there are some regulatory changes you need to know about.

We've already informed you of the **changes to the member contribution tiers**, but there are also amendments to Fair Deal and some miscellaneous amendments to the Scheme that you also need to be aware of.

You can find out more in our full news story, as well as reading the **Outcome document provided by the Department for Education**.

Previous pensionable service for members

If you've any members that have a pension in another public sector pension scheme, it's important that we know about it.

They've the option to transfer their pension into the Teachers' Pension Scheme, which may provide them with Salary Link protection.

We'll also need to be made aware if a member is affected by Transitional Protection.

April submission reminder

As April falls over two tax years, it's important you provide the data to us in the correct format.

This must be split across two lines for each member and needs to be completed this way regardless of whether you're on Monthly Contributions Reconciliation (MCR) or Monthly Data Collection (MDC).

We've quick guides, FAQs and webpages on our website to help you.

Get ready for the End of Year Certificate (EOYC) process

The EOYC officially starts in April each year.

Shortly, we'll be sending you the contributions cash figure to your establishment's Employer Portal Data Centre Mailbox.

If you're new to the process, or need a refresher, our full story provides further information on where you can find help.

FURTHER NEWS

Updating a member's National Insurance number or Date of Birth

We'd like to remind you that a member's National Insurance number and Date of Birth can only be updated if they have up to date service on their record.

You can only update these by submitting the new information through the Member Search section on the Employer Portal.

We can't accept any updates via email, other than if we hold a temporary National Insurance number for the member.

Latest CETV update

Due to updated guidance, we've been able to reduce the backlog of CETVs that built up whilst we were waiting for the necessary guidelines to be developed.

Those members affected by Transitional Protection require multiple calculations to

be carried out before providing their CETV, more on this can be found in our previous CETV update issued in December 2024.

We're currently waiting for the last set of guidance, which covers members receiving their pension benefits and who have either not made their Transitional Protection remedy choice or had flexibilities.
