Reminder for your April submissions

We'd like to remind you that when you're providing members' service for April, data must be split in two lines. One line covers 1 - 5 April and the other line covers the remainder of the month.

It's important that you're recording service correctly, so to support you we've created two quick guides. We've added examples to both guides to help you understand how to provide multiple rows of data that cover a pay period on submissions.
