

Phishing emails

Pensions are highly targeted by scammers and knowing what to look out for can prevent members from being scammed.

We'd only ever ask a member to update their details by logging into their My Pension Online account, never via an email link.

If members receive an email asking them to click a link, even if it looks like it's from us, please ask them to delete the email and either **contact us**, or log in to their **My Pension Online** account.

Have your say

We previously informed you of a benchmarking organisation we work with every year to help better understand the service we deliver to you.

We'd like to remind you that this is your opportunity to tell us how you think we've done so we can improve the service you receive.

It's anonymous and will take approximately ten minutes to complete.
