MDC on-boarding update

We're now only 10 months away from the deadline date for on-boarding to MDC.

At the end of January only 859 establishments (representing 26,317 members) had yet to contact us regarding their on-boarding date. We're continuing to make contact with any establishment who has not yet contacted us to discuss their on-boarding plans. You can make your plans known by providing us with an [activation form](#) and returning it to mdc@teacherspensions.co.uk to secure an on-boarding date.

Our new detailed MDC webinar is proving popular and we'd encourage you to sign up and take part in this free training session. Dates for the webinar can be found on our [website](#).

For employers who are currently going through the on-boarding process, we're receiving errors in relation to providing your monthly submissions. It's important that you submit monthly and not annual data on the MDC template.

Auto Enrolment template requirement

It's important that an Auto Enrolment template is provided to all members who have reached their staging date, their re-enrolment date or are a previously assessed teacher (including those who opted out of contractual enrolment) who has become an eligible job holder.

Making sure this process is completed promptly is key to ensuring Auto Enrolment requirements are met.

Our [enrolment journeys](#) are useful in helping you understand the process for each individual circumstance of a member.

ASR - Get organised

The time of year to start working on your 2016/17 Annual Service Return (ASR) is fast approaching for all employers who are not live on Monthly Data Collection. ASR returns will be required no later than 6 July 2017.

To be prepared for this, we'd suggest that you undertake some data housekeeping to ensure that the SCHEDPRINT we produce for you is as up to date as possible. This will help to ensure that your ASR submission runs smoothly. Guidance on completing the templates can be found in our [ASR guide](#).

Supreme Court Ruling on Partner Nominations

You may have seen the recent Supreme Court ruling, in relation to the Local Government Pension Scheme in Northern Ireland, for scheme members to complete a nomination form for their partner to receive an adult beneficiary pension in the event of their death.

We're currently in discussion with the Department for Education to assess the impact this ruling will have on the administration of the Teachers' Pension Scheme. Please make members aware that the Teachers' Pension Scheme regulations still require a nomination to be made.

Pilot with employers for My Pension Online Report

We're developing a monthly report to identify members who don't have a My Pension Online account to help you to encourage them to register. This report would be generated by us and made available via the Employer Portal.

We'll be launching a pilot stage over the next few months and will keep you up to date on

Service returns reminder

As previously advised, from 2016/17 pension schemes are required to align their Pension Input Period (PIP) for pension savings statements, with the tax year. Therefore we must be provided with information that allows us to calculate a member's pension savings statement, in line with the tax year.

For establishments using MDC, we'll advise

our progress.
