#### Monthly Data Collection (MDC) and missing service

We've had an increase in emails from members whose employers have moved to MDC over the last 12 months, querying why they have missing service on their record from 01/04/16 or 06/04/16 to the date their employer went live on MDC.

It's important to note, if you moved to live mid-way through a financial year, that you advise us of any periods of service not covered via MDC.

Please ensure that you're aware of the actions that you and your employees are required to undertake. You can find help and support on our website.
