## Hello

Welcome to April's e-bulletin.

It's been an extremely busy time with the changes to the Scheme, the end of the tax year and changes to member contributions. In this edition we cover important changes to the TR6 and TR8 forms, the forthcoming Annual Return exercise and updates you must be aware of.

## Compulsory fields - TR6 and TR8 forms

Please accept our apologies, it appears that there were a couple of errors on the recently uploaded TR6 and TR8 templates. Also with the changes to the Scheme it seems we've omitted to advise you that we're making the address field compulsory, which we understand is causing problems.

We appreciate you need time to make changes; therefore this element will be removed for eight weeks to enable you to change your systems to accommodate the changes. As well as the address field, we'll also require the email field to be mandatory across these forms, in addition to improving the forms based on feedback we've received.

## Monthly Contributions Breakdown Form - Now available

Contributions are due by 7 May 2015.

## Annual Return

As you'll be aware HM Revenue & Customs require employers to provide data to administrators by the 6 July each year. Therefore, it's essential you provide robust and accurate data to allow your employees time to receive their Pension Savings Statement and carry out self-assessment procedures on time. Failure to provide such data on time could result in affected members not receiving their Pension Savings Statement in time to notify HM Revenue & Customs of any tax charges. This means you'll be failing to meet the duties placed on you which, ultimately, could result in you being fined.

## PC Application changes

Due to changes to the Teachers' Pension Scheme from 1 April 2015, this is the last year you're able to use the PC Application facility for submission of your Annual Return.

Although the PC Application facility will no longer be available, you will have the option of providing your data using the Annual Return Template via the Employer Portal, or by requesting the SCHED PRINT function for your 2015-2016 Annual Return.
