FURTHER NEWS

Why does the Employer Bulletin look different?

You've probably noticed that this email looks different from your usual monthly Employer Bulletin. We've recently changed our email marketing platform and we're in the process of making improvements.

Thank you for your patience.

Employer drop-in session

We'll be hosting our final employer drop-in session of the year this month. We started these sessions at the beginning of 2021 as a way for you to learn more about the Scheme and to provide an opportunity to ask us questions directly.

We're happy to confirm that these will continue going forward with our January, February and March dates soon to be released.

You'll be able to register for next year once our training email has been sent, which will be in the coming weeks.

OTHER ITEMS

The importance of correct member information

Please can you make sure that all member details are up to date and correct prior to retirement application submissions.

It's important to keep these details accurate at all times, but we've had a number of instances where a member's date of birth has been changed after retirement, which has resulted in problems.

If you've any questions about updating member details, please [contact us](#).

Are your contact details up to date?

The fastest and simplest way to make administering the Scheme as easy as possible for you is to keep your contact details up to date on the [Employer Portal](#). This way we can contact you to remind you of important key dates, so you never forget a deadline again.
