

Monthly Contributions Reconciliation deadline

All employers must submit their Monthly Contributions Reconciliation (MCR) [On-boarding form](#) by the end of June 2021.

If any establishments you work with have yet to submit theirs, there's still time.

Any establishments who don't submit a form with a preferred date by that deadline, will be allocated one of the remaining slots. This is to ensure that everyone can be given dedicated support from our MCR team.

Discover more about the benefits that MCR will bring to employers and their employees on our website.

Summer retirement applications

We're expecting more retirement applications than ever this academic year.

Employers need to keep an eye on the [Employer Portal](#) for any online applications that have been submitted by their employees, so that they can be completed and returned as soon as possible. This will enable us to ensure that any payments will be made on the member's chosen date.

Help your employees get ready for retirement

The information you provide to us on service and salary for your establishment's employees is the basis from which we do all retirement calculations. Getting it right the first time is key, not just for the member, but for yourselves, employers and us.

If an establishment has been contacted by the Teachers' Retirement Agency regarding workshops aimed at teachers approaching retirement, we'd like to remind them that these are in no way connected with us. Nor do we appoint any other companies to deliver training on our behalf.

The only member presentations we currently offer are free online training sessions which will begin from September and will be delivered by one of our Employer Relationship Managers. Places can be booked on our [website](#).
